RESOLUTION NO. 2024-10-01

**A RESOLUTION OF THE SOUTHWEST SUBURBAN
SEWER DISTRICT, KING COUNTY, WASHINGTON,
INCREASING MONTHLY SEWER SERVICE RATES AND
CHARGES, AND AMENDING PREVIOUS RATE
RESOLUTIONS.**

WHEREAS, RCW 57.08.081 authorizes the Southwest Suburban Sewer District ("District") to fix rates and charges for furnishing sewer service and facilities to those to whom sewer service is available and for providing such service, such rates and charges to be fixed as deemed necessary by the District Board of Commissioners so that uniform charges will be made for the same class of customer or service and facility; and

WHEREAS, RCW 57.08.081 authorizes the District Board of Commissioners in classifying customers to consider in its discretion several factors including the difference in cost to various customers, the location of the various customers within and without the District, the difference in cost of maintenance, operation, repair and replacement of the various parts of the system, the different character of the service furnished to various customers, the quantity and quality of the service and facility furnished, the time of its use, and any other matters which present a reasonable difference as a ground for a distinction in the establishment of sewer service rates and charges; and

WHEREAS, after considering the recommendations of the District staff, by a motion duly adopted at a regular Board meeting on October 15th, 2024, the District Board of Commissioners determined that a rate increase of \$3.00 effective January 1st, 2025, is necessary to meet anticipated expenses contained in the District's approved budget for 2025. The Board desires to adopt this resolution to formally implement these rate increases; now therefore,

BE IT RESOLVED by the Board of Commissioners of Southwest Suburban Sewer District, King County, Washington, that previous rate resolutions are hereby amended to provide for the following sewer rates:

will be required to pay an additional charge of \$7.00 per 100 cubic feet (CF) of water usage for each additional 100 CF over the 750 CF base amount.
